Notes:

1. The estimated hospital bill size of the subsidised 6-bedded and 8 bedded are computed after applying government grant and hospital subsidy.
2. The estimated hospital bill size include ward charges, treatment charges , therapy charges and ancillary charges such as non-standard drugs, procedure, laboratory and diapers.
3. The estimated bill size is based on statistical average. The actual bill size may differ from the above estimates depending on the length of stay and/or type of treatment received.
4. The above rates are in Singapore Dollars and before GST.
5. Deposit amount is applicable only to those with sufficient Medisave of \$5,000. Maximum Medisave claimable per patient per year is \$5,000. Cash deposit required will be adjusted to include the difference should there be insufficient Medisave.
6. The hospital reserves the right to request for additional cash deposit to be topped up if the initial deposit has been exhausted.
7. The above rates serve as a guide and may subject to changes.
