

Performing Beyond: Conducting Cognitively Stimulating Activities

In this workshop, participants will learn about cognitive decline and dementia, the benefits of cognitive stimulation and how to engage their clients in cognitively stimulating activities. Participants will engage in discussions and hands-on practices on conducting reminiscence therapy and reality orientation, as well as planning and conducting cognitively stimulating activities with their clients, using common items found at their workplace.

COURSE DETAILS

Date: 21 September 2026

Time: 9 am to 5 pm

Method

Face to Face

Learning Objectives

- Participants will be able to explain the benefits of cognitively stimulating activities with clients
